View Hazardous Waste summary:	<input type="text" value="Yes"/>	Can this user access the Hazardous Waste summary (only applies if Access Recycling is No)

- ❖ Recycling - a user can now be reminded by email about their collection request if configured on their account.

CR Reminders

Email reminder to user

Email reminders

Days before collection

Send email day(s) before requested date

Minimum Age

Only send if CR created day(s) ago

- ❖ Web Services - the orderStatus webservice will now return build data for each sales order (if available)

Bug Fixes:

- ❖ Widgets - ensure the total number of items link on the top right of catalogue widget points to the correct catalogue.
- ❖ Orders - when checking out a basket containing a discontinued item, the on order stock of an items will now be taken into account when deciding if the item can be purchased.
- ❖ Orders - limit the EORI number to 25 characters.
- ❖ Catalogue Notifications - allow notifications for the Customer Owned catalogue.
- ❖ Catalogue - show the on order stock if the account is set to use virtual stock but the virtual stock is the same as free stock.

Other:

- ❖ Other: Additional French translations.
